DESIGN BY INGA SEMPÉ

HAY

MATIN

Designed for HAY by Inga Sempé, the Matin Lamp series offers a contemporary yet poetic design, with a construction that combines visual delicacy with physical robustness. Matin combines Inga's fascination with pleats and their ability to transform a material with her signature use of sophisticated colours, reflecting her desire to create original designs that combine quality and function. The different models offer specific lighting solutions for all kinds of rooms and settings, from an adjustable diffused downlight and soft ambient light, to an adjustable light source that can be tilted upwards and downwards for a more focused, directional light.

Inga Sempé is a French designer who lives and works in Paris.

INGA SEMPÉ

Inga Sempé is a French designer who lives and works in Paris. A graduate of the Ecole Nationale Supérieure de Création Industrielle (ENSCI) in Paris (1993), she also took up a scholarship at the Villa Medici, Académie de France in Rome (2000 - 2001).

Her work is known for a lightness of touch, for a strong personality and for a particularly tactile nature. Everyday use is at the centre of Sempé's approach and she often seeks out materials with special properties to solve functional needs. For HAY, she has created Pinorama, Ruban, Fonte Candleholder, the Matin and the sofa Pandarine.

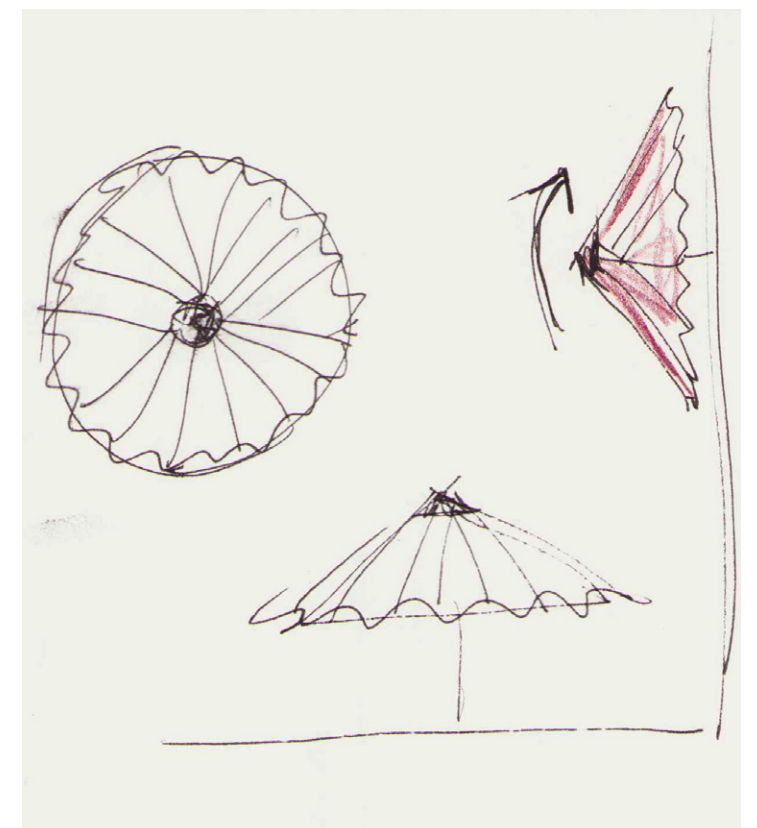

Exploring how pleats can transform a material and change its shape and texture.

Matin comes flat-packed and is easy to assemble.

The wall lamp has an adjustable head that can easily be angled to direct light up and down.

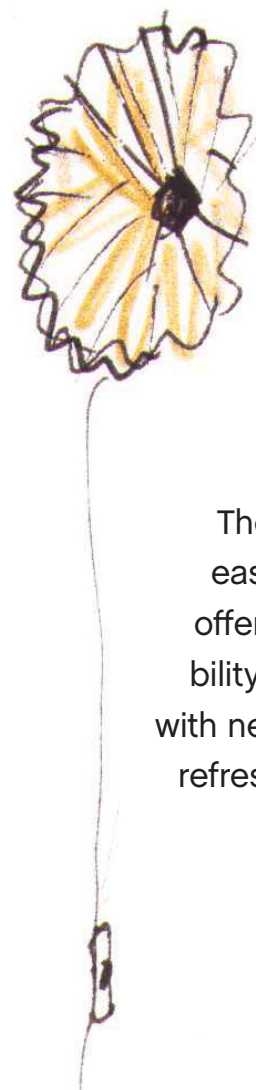

Inspired by the beautiful ribbon shops in Paris, Inga Sempé uses a wide palette of carefully selected colours.

Inga's design process always starts with sketching and exploring different patterns.

Extremely versatile design that can be mounted on a wall, alone or as multiples.

The shades are easy to change, offering the flexibility of replacing with new colours to refresh the lamp's appearance.

MATIN WALL

PRODUCT FACT SHEET

MATIN WALL

DESIGN BY INGA SEMPÉ, 2021

Designed by Inga Sempé, the Matin Wall Lamp offers a contemporary yet poetic design, with a construction that combines visual delicacy with physical robustness. The head of the lamp can be angled approximately 45 degrees both upwards and downwards to create an ambient uplight as well as directional downlight. The wall-mounted design consists of a steel wire bent frame finished in polished brass with matte black hardware and is paired with a pleated cotton shade in two sizes with a variety of vibrant colours. The light source is an integrated LED, offering a diffused light which is accompanied by a digital in-line dimmer control to adjust the output of light if required.
