## Description

The Flow collection captures a sense of movement through softened edges and fluid lines. With gently rounded corners and subtle curves throughout, each piece exudes a vintage spirit with a refined, modern attitude—poised to complement evolving spaces and needs. Designed for both focus and flow, the desk's clean lines and rich finish bring unique warmth to the workspace. Crafted from solid mahogany with a varnish finish, its tactile work surface and open base create an inviting setting for creative and productive moments.

Two drawers with discreet underside grips. Desktop includes a cable port for easy cable management.

## Designer Alain Van Havre

For Alain van Havre, inspiration is everything. Deeply connected to his environment and passionate about natural materials, he has developed an exceptional expertise for woodworking. Over the years, he has created his own visual language centred around form, a translation best described in collections such as the Bok, Graphic, Pl, and Stairs. He believes that for someone to connect with a design, it is important to bring it closer to nature. Over the past 20 years Alain has played a pivotal role in influencing the Ethnicraft designs we know and love today.
