LAUNCHES

## IN BETWEEN SK7–SK10

BY SAMI KALLIO

WITH SAMI KALLIO'S "BETWEEN GAPS" SERIES, THE AIM WAS TO EXPLORE THE RELATIONSHIP BETWEEN POSITIVE AND NEGATIVE SPACE, WHERE FORMS EXIST IN THE SHAPES, AS WELL AS THE GAPS IN BETWEEN. KALLIO'S IN BETWEEN BAR STOOL IS NO EXCEPTION.

2017

Merging man and machine by combining classic wood craftsmanship with compression moulding, Kallio imbues the In Between Bar Stool with some Nordic soul. Seen in a simple, timeless design that's kissing cousins to his In Between Chair and In Between Table, both made in conjunction with &tradition.

"We love the mix of classic woodworking techniques and modern machinery," notes &tradition Brand Manager Martin Kornbek Hansen. "Intrinsic to our own concept is merging the past with the present. So this design, with its simplicity and beauty, is truly emblematic of our own angle on design."

For Kallio, "The bar stool uses woodturning and special veneer techniques in a way that makes the structure sturdy yet surprisingly light. So it blends into a space without taking up too much space. I wanted the bar stool to fit comfortably into any setting – just like the person sitting in it."

Sami Kallio is an award-winning designer based in Gothenburg, where he draws on his skills in classic woodworking craftsmanship to create furniture and interiors with a modern expression. Born in Finland and brought up in Sweden, Kallio's well thought-through concepts reflect the perfect pairing of purity and practicality with simplicity and modernity.

&tradition is a Danish design company established in 2010 with the founding principle being tradition tied to innovation. Our unique portfolio of furniture and lighting spans from the 1930s to the present day and includes designs by internationally renowned designers.

<b>Product category</b>	Barstool
<b>Production Process</b>	The legs and the armrest are turned from solid oak, the seat and side panels are formpressed from oak veneer.
<b>Environment</b>	Indoor
