

LEAN LAMP

FURNITURE / LIGHTING / ACCESSORIES

PRODUCT FACT SHEET

CLAESSON KOIVISTO RUNE ON THE DESIGN "We approached the design of the LEAN lamp as if it was a small, wall-mounted sculpture; the lamp has a slender design that leans outward, away from the wall and into the room. The LEAN lamp has a strong and unique character, reduced to the essentials of base, stem and shade. The lampshade is equipped with a LED light source that provides discreet down lighting for any space"

PROCESS The lamp's base is casted in aluminum, polished and finally powder coated.
