

Description

Alluring from every angle, luxuriant shapes and curves form the basis of the Jack collection. The Jack bar stool, crafted entirely from solid teak, showcases clean, classic lines with a modern touch. Every detail has been meticulously shaped to ensure lasting comfort and elegance while enjoying the outdoors.

Designer Jacques Deneef

Jacques Deneef is an Antwerp-based designer with a fascination for basic materials such as glass, wood, leather, paper and wax. After entering the world of art via his talents in oil and acrylic painting, he now focuses his time giving used objects new leases of life, alongside design development in sectors such as jewellery, lighting, textile, furniture and decoration. In offering objects a new existence, Jacques believes they are transformed into something new, they are made useful in some other way, ultimately resolving into their final destination: a work of art.
