

BULB SR1

by Sofie Refer

Materials: Clear mouth blown glass with 2,5 meter cord, porcelain lamp holder and ceiling rose.

Dimensions: H: 163 x Ø: 110 mm

Cord Colours: Red fabric, Black fabric, clear PVC

Light Source: 1x E27 max.60 W or 11 W low energy bulb

Design Date: 2006

Story: With Bulb, Danish light artist Sofie Refer lit up the new millennium and a new classic was blown. The shape refers to the first electrical light bulbs by using thick transparent glass. Sofie Refer continues an elegant Nordic tradition, adding her own passion and femininity. The small irregularities in the mouth blown glass make each of the pendants one of a kind and add the story of the glass master's personal efforts in changing sand, soda and chalk into a modern classic using a thousand year old method.

& GOOD DESIGN award 2001 by the Chicago Athenaeum: Museum of Architecture and Design; Wallpaper Design Award 2006 for Best Light.

Sofie Refer

designed the Bulb lamp

Tradition: Sofie Refer (b.1974) is a Danish designer, graduated from from The Danish Design School, department of Product Design in 2003. Sofie Refer is partner and Creative Director of Refer + Staer Aps, a Danish design lighting company and her designs play with Nordic simplicity in a more extravagant way. Lighting design is her passion and she is fascinated by light in all it's aspects. The Bulb pendants she has created for &tradition expresses her respect for the Nordic tradition of glass blowing and simple, pure forms, quoting the first source of electric light. But her approach to light is fun and feminine, sophisticated and sensuous.

Innovation: Working with international architects such as Conran Contracts, Aukett, CBA and Bates Smart, Sofie Refer is taking the Nordic light tradition way out in the world. She takes great pleasure in working with architects on projects where her customized lightning design closely follows the architecture and interior.
